

Exceptional quality for an exceptional value

PowerStand® RR Brand Delivers Outstanding Performance

- An economical Roundup Ready® alfalfa blended for dependable forage yield potential and good quality
- Good winterhardiness and pest package with resistance to key diseases
- Moderate to fast recovery after cutting for optimum yield potential

Planting PowerStand® RR Brand alfalfa and utilizing the Roundup Ready® weed control system provides many benefits over conventional herbicide programs

- Weed control at both stand establishment and in established stands means fewer weeds and higher quality hay and haylage, which can result in more milk and beef per acre
- Optimal crop safety at all growth stages provides increased yield potential in both the establishment and subsequent years
- The simplicity of using a single herbicide (Roundup®) provides optimal weed control with no need to tank-mix; one herbicide does it all
- Flexibility in timing of application allows growers to spray when necessary; minimal carryover or crop rotation limitations
- Minimal wait (5 days) after Roundup® application before haying/feeding

AGRONOMIC TRAITS	
Fall Dormancy	4.0
Winterhardiness	2.0
Recovery After Harvest	Moderate to Fast
Standability	Excellent
Multileaf Expression	High
Disease Resistance Index	28/30

PEST RESISTANCE TRAITS	
Bacterial Wilt	High Resistance
Fusarium Wilt	High Resistance
Verticillium Wilt	High Resistance
Anthracnose (Race 1)	Resistance
Phytophthora Root Rot	High Resistance
Aphanomyces Root Rot (Race 1)	Resistance

Area of Primary Adaptation
