

Exceptional quality for an exceptional value

PowerStand® RR Delivers Outstanding Performance

- An economical Roundup Ready® alfalfa for dependable forage yield potential and good quality
- Good winterhardiness and pest package with resistance to key diseases
- Moderate to fast recovery after cutting for optimum yield potential

Planting PowerStand® RR alfalfa and utilizing the Roundup Ready® weed control system provides many benefits over conventional herbicide programs

- Weed control at both stand establishment and in established stands means fewer weeds and higher quality hay and haylage, which can result in more milk and beef per acre
- Optimal crop safety at all growth stages provides increased yield potential in both the establishment and subsequent years
- The simplicity of using a single herbicide (Roundup®) provides optimal weed control with no need to tank-mix; one herbicide does it all
- Flexibility in timing of application allows growers to spray when necessary; minimal carryover or crop rotation limitations
- Minimal wait (5 days) after Roundup® application before haying/feeding

AGRONOMIC TRAITS	
Fall Dormancy	4.0
Winterhardiness	2.0
Recovery After Harvest	Moderate to Fast
Standability	Excellent
Multileaf Expression	High
Disease Resistance Index	28/30

PEST RESISTANCE TRAITS	
Bacterial Wilt	High Resistance
Fusarium Wilt	High Resistance
Verticillium Wilt	High Resistance
Anthrachnose (Race 1)	Resistance
Phytophthora Root Rot	High Resistance
Aphanomyces Root Rot (Race 1)	Resistance
