

## Exceptional quality for an exceptional value

### PowerStand® RR Delivers Outstanding Performance

- An economical Roundup Ready® alfalfa for dependable forage yield potential and good quality
- Good winterhardiness and pest package with resistance to key diseases
- Moderate to fast recovery after cutting for optimum yield potential

### Planting PowerStand® RR alfalfa and utilizing the Roundup Ready® weed control system provides many benefits over conventional herbicide programs

- Weed control at both stand establishment and in established stands means fewer weeds and higher quality hay and haylage, which can result in more milk and beef per acre
- Optimal crop safety at all growth stages provides increased yield potential in both the establishment and subsequent years
- The simplicity of using a single herbicide (Roundup®) provides optimal weed control with no need to tank-mix; one herbicide does it all
- Flexibility in timing of application allows growers to spray when necessary; minimal carryover or crop rotation limitations
- Minimal wait (5 days) after Roundup® application before haying/feeding

| AGRONOMIC TRAITS         |                  |
|--------------------------|------------------|
| Fall Dormancy            | 4.0              |
| Winterhardiness          | 2.0              |
| Recovery After Harvest   | Moderate to Fast |
| Standability             | Excellent        |
| Multileaf Expression     | High             |
| Disease Resistance Index | 28/30            |

| PEST RESISTANCE TRAITS        |                 |
|-------------------------------|-----------------|
| Bacterial Wilt                | High Resistance |
| Fusarium Wilt                 | High Resistance |
| Verticillium Wilt             | High Resistance |
| Anthracnose (Race 1)          | Resistance      |
| Phytophthora Root Rot         | High Resistance |
| Aphanomyces Root Rot (Race 1) | Resistance      |
