It's back! The fifth annual Journey 5km by WinField® United virtual walk/run/wheel event is returning for 2025! Agriculture is a stressful business; Journey 5km connects teams across the country to build community, raise awareness and support for The Do More Agriculture Foundation, and come together as an industry to speak up about mental health in ag.

Agriculture is a demanding field, and WinField United Canada recognizes the importance of addressing mental health challenges within the industry. Journey 5km aims to connect people and teams nationwide, encouraging proactive approaches to health and wellness, and supporting The Do More Agriculture Foundation's mission to empower individuals in the agriculture sector to prioritize their mental wellbeing.

The virtual walk/run/wheel challenge event, slated to take place between April 21-27, 2025, provides a platform for open discussions about mental health while promoting physical activity and fostering community engagement.

Join WinField United Canada and The Do More Agriculture Foundation in the Journey 5km challenge, and let's continue to make a positive impact on mental health in agriculture!

By WINFIELD UNITED

The Do More Agriculture Foundation is the national voice and leader of mental health in Canadian agriculture and is changing the culture of agriculture to one where all are encouraged, supported, and empowered to take care of their mental wellbeing. Producers are among the most vulnerable when it comes to mental health issues. Recognizing the unique challenges faced by those in the industry, the foundation provides crucial support through initiatives like AgTalk, a safe and anonymous space for individuals aged 16 and above to connect and seek support.
